

## END FOLD

This is an **END FOLD** label. Typically for the sewer to stitch on both the left and the right hand side of this label. Sometimes around all 4 edges if preferred

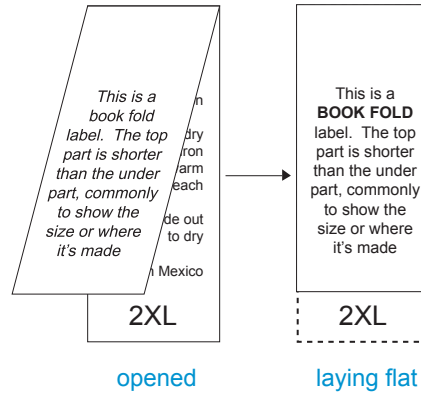

## HOT CUT

This is a **HOT CUT** label. Typically for the sewer to stitch around all 4 edges. This is good for who doesn't want any folds

## LOOP FOLD

This is a **LOOP FOLD** label. This is what you see in almost every T-Shirt you see. This label fold in the middle and is sewn through the top.

## BOOK FOLD

## MANHATTAN FOLD

This is a **MANHATTAN FOLD** label. The top part folds over the bottom fold to give a finished look and feel. Typically used when putting onto a sleeve hem.

## MITRE FOLD

This is a **MITRE FOLD** label. This is used in the back of most Robes or Jackets so you can hang the garment up through using the label.
